Why Choose Easywell

4 daily joys shows how easywell doing responsible attitude

Since Easywell establishes in year of 1986 as an OEM/ODM water filter manufacturer, what makes easywell different from its peers is its responsible attitude, following 4 daily jobs can be proved:

1. US \$ 1 million of global product liability insurance is purchased every year to protect customers' procurement rights.
2. When we find a quality concern, we will inform the customer every time and recall products in transit, as well as recall product already with the client.
3. ISO-14001 international environmental protection certification obtained in 2001 (21 years ago), in order to be Iresponsible for the environment.
4. Easywell will be liable for compensation for any product quality problems or negligent service which caused by manufacturing ends.

About easywell product line

Easywell specializes in dechlorinated showers, water purifiers, and RO reverse osmosis water purifiers. It has developed, designed, molded, and produced up to six models of dechlorinated showers. In fact, it can be said that, in the dechlorinated shower industry in Taiwan the company and its factory are the most professional. About 50% of Easywell's revenue comes from RO reverse osmosis products, which are mainly supplied to assembly plants in Europe and the United States.

This OEM has also spared no effort in the research and development of key components of RO reverse osmosis water purifiers., with up to 80% of components designed, plastic injected, assembled and tested in house... Even though it costs US\$330,000

or more a year to develop a mold... there is little reliance on others and the key components are injected, processed, produced, assembled, and inspected in the company's own factory, so that people can rest easy and sleep at night.

Stands on the shoulders of giants

Easywell knows how to use its strengths and stands on the shoulders of giants when applying for and winning a number of national awards and government recognition:

1. The 17th Rising Star Award (the first in the industry).
2. Brand Star Award from the Ministry of Economic Affairs.
3. SME Innovation Research Award.
4. Small and Medium Business Administration Award.

Apply international product certification and award

In order to strengthen the quality of easywell' s factory, the quality of each shipment received by customers is consistent:

1. Although a product laboratory was set up at the establishment of the company, February 2022, saw a total of US \$560,000 spent on the building of another laboratory and on the purchase of test instruments and equipment, in order to continue increasing the reliability of various laboratory instruments and products in the laboratory. Test equipment, bacteria detection, etc.
2. It obtained ISO-9001 international quality assurance system in 1991, which it has held ever since; using QCC quality control circle, TQM all-member quality control, etc. to ensure quality becomes ever more stable.
3. Easywell also has many certifications in their products:
 - (1) A number of products (pp melt blown, refrigerator special filter...) have obtained NSF product certification.
 - (2) 8 products have won the provincial water mark of the Ministry of Economic Affairs.
 - (3) 13 products awarded Taiwan Excellence Award.
 - (4) A total of 54 products have passed CE safety certification.
 - (5) Obtained 95 patents worldwide.

為何選擇益銳

OEM委託製造及ODM原廠委託設計代工

益銳股份有限公司自從1986年成立公司以來，一直以OEM委託製造及ODM原廠委託設計代工方式，為客戶設計、生產、貼牌一條龍的經營與服務，35年來一直專業在家用淨水設備之研發、設計、生產。

工廠佔地面積2557台坪，廠房面積共2670台坪。

不同於同業之處-負責任

益銳公司與同業不同之處是在「負責任的態度」，由以下四項可以證實：

1. 每年購買新台幣1.2億元國內產品責任險，及100萬美元的全球產品責任險，為的是保障客戶的購買權益。
2. 自己發現品質疑慮時，皆會主動告知客戶情況並召回在途產品，或在客戶端的产品。
3. 我們於2001年取得ISO-14001國際環境保護認證達20多年之久，為的是要對環境負一份責任。
4. 只要產品品質出問題或服務疏忽而造成客戶的損失，經分析確認製造端的問題我們就會負起該負的賠償責任。

專業於除氯沐浴蓮蓬頭代工生產

益銳是台灣最專業在除氯沐浴蓮蓬頭代工生產的廠商，每款除氯沐浴蓮蓬頭都是自行研發設計、開模、生產、測試，在台灣真正生產除氯沐浴蓮蓬頭的同業中，款式最多則屬於益銳公司。

致力RO純水機關鍵零組件生產

益銳的收入約有50%來自RO逆滲透產品的零配件，主要供應給歐美的淨水設備組裝廠。

益銳在RO純水機關鍵零組件的研究發展也一樣不遺餘力，自製能力達80%，小至產品或零組件設計、塑膠射出、組裝、測試...，乃至一年花費新台幣千萬元以上開發模具...皆不假手於人；只要是關鍵的零組件絕對是在自己工廠射出、加工、生產、組裝、品檢，為的只是能夠安心睡得安穩。

益銳的產品項目包括：

1. RO逆滲透純水機
2. 各式淨水器及龍頭式淨水器
3. 各式除氯沐浴器、除氯沐浴蓮蓬頭
4. 純水機之零組件生產代工：鵝頸龍頭、活性炭濾心、各種濾瓶、四面閥、高(低)壓開關、廢水比、進水三通、濾心、濾瓶...
5. 濾水器之零配件：塑膠、銅接頭、銅製鵝頸管、各式分水器等...
6. 容量3.5公升及2.5公升的濾水壺各一款

取得政府各種獎項

益銳公司知道如何借力使力，站在巨人的肩膀，申請並榮獲多項國家獎項：

1. 第17屆小巨人獎 (業界第一家)
2. 經濟部品牌之星獎
3. 第14屆中小企業創新研究獎
4. 中小企業處 飛雁創業獎

重視並獲得產品國際認證

益銳公司為了強化品質，讓客戶收到的每一批貨的品質是一致，在產品的認證也著墨頗多：

1. 多項產品 (PP濾芯、冰箱專用濾芯...) 獲得NSF產品認證
2. 八項產品獲經濟部省水標章
3. 蟬聯九年獲得台灣精品獎共13項
4. 總共54項產品通過CE安全規範認證
5. 取得全球的專利共95項

強化產品實驗室測試設備

我們深知產品品質的重要性，於1999年即獲得ISO-9001國際品質保證系統至今。截至2022年底止，前後共耗資1,800萬元打造實驗室設備，而且還持續增加實驗室的各種化驗儀器、產品可靠性測試設備、高分子塑膠熔融指數測試儀、比重計、微生物檢測、3D影像尺寸測量儀...等等。

持續投資自動化生產設備

近年來我們花了幾千萬元，添購生產自動化設備與實驗室檢測設備，這些支出已讓產品品質穩定度更增強、也減少雇用過多人工的效益、並顯現在生產成本的降低。

企業贈品客製化

益銳公司自行研發、開模、生產單價在150-200元物廉價美多款的濾水壺、除氯沐浴蓮蓬頭、龍頭式濾水器...等，適合各大禮贈品公司的客製化禮品、贈品需求。我們也歡迎台灣國內貿易商的合作外銷。

Brand Commitment

1. Spare parts are certified by NSF.
2. Using non-toxic plastic materials which confirmed by SGS.
3. Do not use recycle plastic materials.
4. We are committed to using USA imported non-toxic adhesive and surfactant.
5. Far-infrared balls compliant with safety regulations.
6. Company owned laboratory which can ensure the materials use in filter cartridges can truly remove bacteria and virus.
7. Using non-toxic cleaning detergents during production process.
8. Wearing bouffant cap during production time to prevent hair and pollute falling into materials.
9. Using non-toxic and mildew proof pallets to avoid the breeding of bacteria, mold and mosquitoes.

品牌承諾

1. 零件通過NSF無毒認證。
2. 使用SGS認證無毒塑膠。
3. 絕不使用回收塑料。
4. 堅持美國進口無毒接合劑。
5. 遠紅外線濾材符合安全規範。
6. 自有實驗室，保證細菌病毒有效濾除。
7. 製造過程使用無毒清潔劑。
8. 全程配戴網帽，避免皮屑掉入濾材。
9. 使用防霉無毒棧板，杜絕細菌黴菌蚊蟲。

Company Introduction

EASYWELL was founded in 1986
Ground Area : 9,458 Square Meters
Plant Area : 8,760 Square Meters

公司簡介

益銳公司成立於1986年
全廠佔地面積：2,866坪
廠房面積：2,650 坪

Export Market

Export to 40 Countries

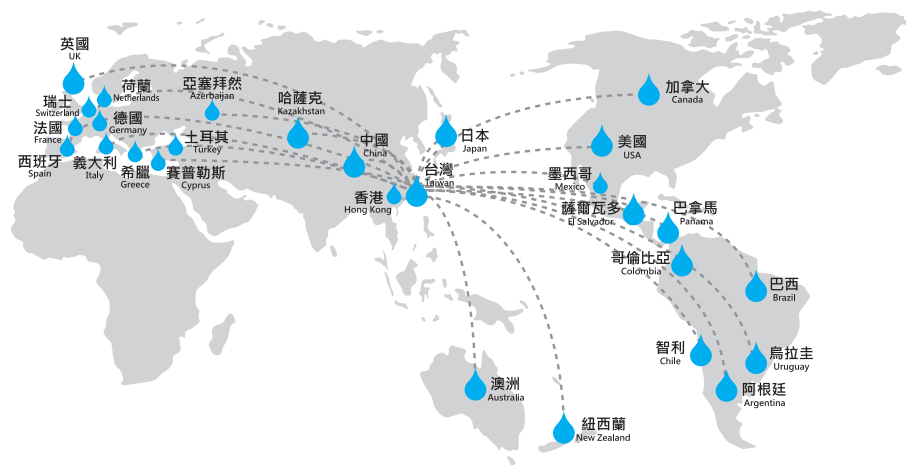

外銷實績

全球700萬家庭的肯定

外銷全球共40國；

其中有9個國家使用我們的

自有品牌 、

OEM for Famous Brands
大廠代工 品牌利基

Production Equipment

Production Capacity

1. 9 Assembly Lines
2. RO Systems : 1 Line / 450pcs / day
3. Filter Cartridges : 1 Line / 2300pcs / day

產銷合一、掌控品質

產能充裕

1. 九條組裝產線
2. RO機 : 1條*450台/天
3. 濾芯 : 1條*2300支/天

Production Equipment Semi-automatic Machines

生產設備

半自動化生產設備

Production Equipment Fully-automatic Machines

生產設備

全自動化生產設備

Production Equipment

Monitor Key Components

Injection machines work for 24 hrs.
Machines products quality under high pressure is first concerned.

生產設備

掌握關鍵零組件

設置三班制塑膠射出廠
掌握耐高壓件品質

Plastic Injection Machines 射出成型機器

Quality Assurance

Quick Response

Use Quality Problem Track Sheet
Review Quality Problems Every Week
Quick Reply to Customers

品質保證

快速客訴處理

善用品質異常單
每週追蹤改善直至改善及預防再發
快速回應客戶

Quality Assurance

Implement Quality Control

IQC : Incoming Quality Control

Self Inspection

FQC : Final Quality Control

IPQC : In Process Quality Control

OQC : Outgoing Quality Control

協助協力廠改善品質

協助協力廠降低成本

Quality Assurance

100% Quality Check Before Shipment
Quality Bonus
Operators the Examination Every Month

品質保證

執行百百檢
發放品質懸賞獎金
發放接續檢查獎金
每月執行技術員考核

Distributor Conference 經銷商大會

Quality Assurance

ISO-9001 Certificate Since 1999

品質保證

1999年取得ISO-9001
國際品質管理系統

Quality Assurance

The earliest company in Taiwan water filter industry has its own laboratory / products testing center.

According to NSF testing standard :
cycle test : 150PSI / 100,000times
burst test : 350PSI / 15minutes

All products will go through testing, whether during making samples or for massive production, and even for mass productions.

品質保證

全台淨水產業最早擁有實驗室 / 產品測試中心

依NSF測試標準執行

耐久: 150PSI / 10萬次, 爆破: 350PSI / 15分鐘

產品研發階段, 小批量試產,
大批量生產皆進行測試

Total 24 Items Test Equipment
(Quantity: 82)
